

DEPARTMENT OF WATER RESOURCES

Small Business and DVBE Program Mission

DWR's mission

is two-fold. Its primary focus is to assist California

Small Business

and DVBE firms achieve greater awareness and opportunity for award of Department contracts through direct outreach and education.

It is also to assist Department staff in their efforts to actively pursue SB and DVBE contracting opportunities and to foster on-going partnerships for the purpose of attaining State mandated participation goals of 3 percent DVBE and 25 percent.

Headquarter, Field Division and Regional Office Contact Information

Looking for business opportunities? DWR has five Field Divisions located from Oroville to Southern California. The Department uses many different commodities and services, including auto parts and services, landscaping, chemicals, industrial and safety equipment and electrical supply and services. Each Field Division includes a buyer name and number for that office.

The Department's regional offices do not have individual buyers, however staff there do need supplies and will requisition supplies to be purchase by DWR HQ buyers. Central reception numbers are provided for the regional offices. Ask for the person responsible for requisitioning if you want to market your products.
